

Revolutionize Your Harvest: Meet the CTS Harvest Master

Discover the industry-leading grain trailer trusted by agricultural professionals for durability and innovation.

Built Tough: Heavy-Duty Construction

Rugged Walls

40' long, 14 GA corrugated steel walls for demanding field use.

Superior Finish

High-gloss, UV-protectant, and rust-inhibiting finish for lasting durability.

Heavy-Load Suspension

50,000 lb 4-spring tandem suspension built for the heaviest loads.

*Air-ride suspension available

Efficient Operation

Quick Unloading

Butterfly door cranks for rapid, hassle-free grain discharge.

Safe Load Checks

Sight glass windows for safe, ground-level load inspection, enhancing safety.

Premium Components

LED Lighting

Standard LED lighting ensures maximum visibility and safety.

Durable Tires

11R X 24.5 14-ply radial tires conquer the roughest terrain with ease.

Robust Landing Gear

Durable 2-speed landing gear for stable parking and hitching.

Secure Grain Transport

Weatherproof Protection

Manual side-to-side 18 oz. roll tarp secures and protects every haul from the elements. Electric side-to-side roll tarp available.

Cargo Flexibility

Removable headers and bows adapt to various cargo types, maximizing your trailer's utility.

Fast Unloading

Double 14 GA hoppers with 24" openings ensure quick and complete grain discharge. A 21" ground clearance for rough and rugged terrain.

Built-In Flexibility

Customize your Harvest Master with these essential options:

- Air ride suspension & aluminum wheels
- Multiple color choices to match your fleet
- Custom heights/lengths & hopper opening sizes for specific needs (i.e., peanut, rice, etc.)
- Electric doors for enhanced convenience
- Side chutes, vibrators, and hopper work lighting

Proven in the Field

The Harvest Master delivers real performance, praised by farmers and operators alike.

Lasting Value

Farmers report lasting value and reliability over years of tough use.

Operator Friendly

Operators praise the easy inspection and smooth operation.

Harvest Ready

Purpose-built to withstand the rigorous demands of harvest season.
